

Msquare Large Format Display

Msquare LED backlit displays,
available in a variety of sizes and
specs to match the unique demands
of your environment.

100 inches - MSQ-W100LFD

120 inches - MSQ-W120LFD

Msquare large Format display a direct-lit, commercial-grade display, is ideal for education, corporate and other digital signage applications. Compared to previous generation displays, this model's LED backlighting allows for reduced power consumption, a thinner depth and lighter weight. UHD 4K resolution delivers stunning image quality for a variety of content, This display also features a USB player in which video, audio or JPEG picture files can be loaded and played in sequence for signage purposes.
